DETAILED ACTION

Remarks

1. In response to communications files on November 7, 2007. Therefore, claims 1-6, 8-10, and 11-14 are presently pending in the application.

Reasons for Allowance

2. Claims 1-6, 8-10, and 11-14 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:
the prior arts of records, neither anticipates nor renders obvious the following
limitations as claimed:

As to claim 1, the prior art of records fail to anticipate or suggest a method for
determining a level of service for a server in a network, the method comprising:

at a first computer couple to the network;

a user performing one or more steps as part of a transaction involving use of the
service, the one or more steps being performed according to one or more parameters;

transaction recorder software residing on the first computer recording the one or
more steps and the one or more parameters in a transaction data file; and

sending the transaction data file from the first computer to a second computer
couple to the network;

at the second computer, service software residing on the second computer:

identifying the one or more steps and the one or more parameters in the transaction data file; and

executing the one or more steps using the one or more parameters to thereby replicate the transaction performed by the user;

and

determining the level of service for the server based on the executing, together with the other limitations of the independent claims.
